Hi Ralph,

Yes of course. I'll be back in the UK next week and can then review previous correspondence from [REDACTED] (S40) to provide one liners. I hope that time frame works for both of you. Have a good weekend.

Best regards

Dear [REDACTED] (S40)

That's not too far off. Can you summarise in one liners the companies/projects you have highlighted previously for the benefit of Pooja and myself?

Best
Ralph

Hi Ralph,

What a shame. Perhaps then next March when I'm hoping to come over again.

If you have some time between then and now I'd be grateful for your thoughts on some of the deals that [REDACTED] (S40) sent over. It would be good to understand if we are identifying your areas of interest or if you prefer us to refine further what we send over?

Looking forward to meeting with you next year.

All the very best

Dear [REDACTED] (S40)

So sorry to miss you, but perhaps when you are next over? I am rarely in London, so it would have to be in Asia I suspect.

Best

Hi Ralph,

Thank you for the email. I return to the UK on Saturday so next week is not possible for me. Perhaps we could meet, next time I'm over? Or do you come to London ever?

All the very best

Dear Ralph,

Just a quick update as my diary is evolving. Would you be available on Tuesday (20th)? I have a meeting at 10 am downtown so could be free 11.30 onwards (depending on where).

Please do let me know what works for you.

Hi Ralph,

Great. Times on the 18th and 19th that work for me are:

Monday 19th – any time after 3pm

Tuesday 20th – any time in the afternoon

Please do let me know what works for you. Ralph, do you have a preferred meeting spot? (I think your offices are KL but that you do work out of Singapore sometimes?)

In terms of what it would be good to discuss:

- Following [REDACTED] (S40) departure, it would be good to introduce myself to you and learn a little more about YTL
- I would be keen to get some feedback on the opportunities that [REDACTED] (S40) had sent over
- In what ways can we be of use

Looking forward to meeting

Dear [REDACTED] (S40)

Good to meet here as well. I am in Singapore only for the first two days next week. What are you keen to discuss and when are your available slots?

Best

Dear Ralph and Pooja,

Good to meet you albeit virtually and let me apologise for the delay in following up from [REDACTED] (S40) email. (I've been out of the office for the last two weeks).

If you have time the week beginning 19th November, I'd love to catch up. I'm in Singapore for the week so am relatively flexible apart from the 21st.

Very much hoping we can meet.

All the best

Dear Ralph and Pooja,
I hope you are both well. I am getting in touch on two fronts.
Firstly, my colleague (S40) will be visiting Singapore in November. If you have the time, I wondered whether you might be able to arrange a meeting to discuss the below opportunities but also further ideas on how my team could support you?
Secondly, I am actually leaving DIT at the end of October to pursue a new role in social impact investment and enterprise. I look forward to staying in touch with you and (S40), and will drop you a line with my new contact details.
I do hope the publication of your annual Sustainability report goes very well.
Warmest regards, (S40)

Thank you for the feedback Ralph, we look forward to hearing from Pooja in due course.
My colleague (S40) who leads on SE Asia is planning a trip to Singapore in November, so perhaps that might be a good opportunity to meet to discuss your views on some of the opportunities below, as well as any new projects we have in our portfolio.
Good luck with the report and enjoy the rest of the summer period.
Best regards, (S40)

Dear (S40)

Thanks for the follow up email. I have looked at the companies and there are certainly some interesting technologies there which we would like to explore further. I am copying in Pooja here who will look at them in more detail and then revert with those that we would appreciate contact with if possible. I am in the midst of writing the annual group Sustainability Report, so a little tied up until mid-September.

(S40) and family are well from what I know, and I am sure they are also trying to keep cool during this warm spell in Singapore.

Best
Ralph
